

PRESBYTERIANS OF CAMERON START EDUCATIONAL FUND DRIVE

Our Town

The fact that the city received no bids on the issue of \$25,000 sewage disposal bonds creates a situation that might become alarming in the event that no offer is made to buy these securities. The state government has said that the disposal plant must be built. The position of the state government is right. No further offense against the public health should be permitted. The leniency of the years gone by in which the city has violated the anti-stream pollution act may have engendered a spirit of failure to appreciate the gravity of the situation but the city must not dismiss this matter. Efforts should be made at once to sell these securities so that the money will be available for constructing this plant before the summer season sets in and the chances for disease spreading increases. The public health demands this equipment.

A spring clean up in the Democratic party would be a mighty good thing. The hibernation of secret groups and nondescript political blocs inside the party has already started disintegration that threatens disruption. Applying the faith of the fathers means that a Democrat by any other name does not smell as sweet. Widespread dissension over the state because of the nominations made by the Ku Klux Klan and the Farm Labor Union has become pronounced. Groups of this kind, if they participate in politics, as indications show they do, should not be allowed to participate as Democrats but should foster their own tickets. The Democratic party as such does not need inter-political groups and the party should be purged of dissenting elements such as these. Candidates who receive the nomination of secret political groups should not be allowed to parade in the garb and livery of Democracy.

George B. Terrell candidate for Commissioner of Agriculture has offered a plan to lead the state out of its tax problem. In his opening campaign address at Gonzales, the cradle of Texas Liberty he said he favors a constitutional amendment to separate the sources of taxation so that the state government may derive its support from excise taxes, franchise levies and taxes from levies upon natural resources and other sources leaving the counties to fix their own rates for their own maintenance. In this way it would appear that the wealth now escaping taxation would be placed upon the tax rolls and bear its just share of the burdens of the state.

The action of the city council in requiring sewer connection to be made in the city was a good act of government but we are led to ask why the ordinance is not being enforced. Laying of the cement curbing continues and so far no effort has been made at laying the necessary sewer pipes. Economy would suggest that the pipes be laid in advance of the cement curbing.

"Our Town" editor wants to see the paving carried to the Sap depot by way of the street leading from the business district and believes that if the paving is not laid on this street the program will not serve the necessary purpose to cover the mercantile and busy traffic areas. If the paving is carried to the Santa Fe depot it also should be carried to the Sap in order to accommodate that section as other sections of the city.

A great truth has come to light thanks to the unfailing genius of ad writers. The secret of the long life of the Sphinx according to a prominent manufacturer of tooth paste is that the Sphinx washes its teeth regularly.

NEW CITY OFFICERS TO BEGIN SERVICE APRIL 15

ELECTION TUESDAY SEES LIGHT VOTE WITH NO SCRATCHING OF THE TICKET.

All city officers elected at the general city election held on Tuesday will take oath of office on April 15 if all arrangements now contemplated are carried out.

A light vote was cast in the city election Tuesday, only 301 votes being cast. There was but little scratching of the ticket, although it had been predicated by some that the nominees would be scratched to some extent. Fortunately for local democratic records this was not done.

The vote as recorded is as follows:

Judd G. Davis	301
Paul Webb	301
Ray Robinson	301
R. D. Brown	301
Dan Tyson	301
O. M. Smith	300
Geo. T. Graves	300
C. R. Phillips	299
H. M. Heffley	300
W. O. Triggs	300
T. F. Hardy	301
J. W. Coleman	295
Dr. James Watson	294
Elwood Cammer	300
S. M. Borns	300

Alex Triggs, election judge, filed the report of the election with the council Tuesday night but the vote was not canvassed. The vote will be canvassed at the next regular meeting of the council which will be held on Tuesday April 15.

W. K. GALBREATH, JR. IS IN RACE FOR LEGISLATURE

THORNDALE ATTORNEY SEEKS TO REPRESENT COUNTY IN LAW BODY.

W. K. Galbreath, Jr., of Thorndale, an attorney, has announced his candidacy for the office of representative from Milam county to the legislature of Texas subject to action of the Democratic primary in July.

In making his announcement Mr. Galbreath said:

I wish to make my announcement as a candidate for Representative of Milam County.

I have been a citizen of this county more than 27 years. I was reared out in the Nile and Salty communities on a farm and while there learned farm life and the needs of the laboring men.

I worked on the farm during the spring and summer and in the fall and winter attended rural school, thereby learning some of the rural school needs. After finishing the grammar grades in the rural school I went back and forth to Thorndale High School until I had finished there. After leaving Thorndale High School I worked my way through Cumberland University Law Department, receiving a LL. B. degree from the institution. Dr. A. B. Martin dean of law department, also awarded me the honor and distinction of being the best janitor the law department had ever had up to that time. A dirty job I know, but I was proud of the record I held as serving the institution and I am still proud of it. I was servant there in the institution and I still want to serve. I want to serve in the higher capacity of legislator. I want to serve and I promise the voters of Milam county if you will elect me your servant as representative I'll serve you just as faithfully as I did my companions in C. U. law department and do my best to make as good a record serving you as your representative as I served in Cumberland University as its servant.

All along the journey of my life I have tried to observe the fundamentals of life and the needs of the people, and I feel as though I've prospered by doing so, and now I wish to

CANDIDATES RACE FOR LEAD IN PRIZE CONTEST

Candidates are working hard for lead and many of them are running side-by-side. A few votes may change the standing of any candidate on the list. When the final count is made the people of the surrounding country will be surprised at the small margin by which someone wins the Essex Coach. Help your candidate get a big lead while the big 100,000 extra vote offer lasts. April 10th to April 19th. Those are the two big dates this community is watching with interest.

CAMPAIGN SOON OVER.

The candidates know it too. That's why they are exhibiting speed and hustle as never before. For the greatest newspaper campaign in the history of this section, will soon be over and the next sixteen days will decide the winners of the handsome automobiles and other prizes. Every effort is now being centered on the big vote offer, as most candidates realize.

Dr. John L. Denson Quits Place On School Board

Dr. John L. Denson, for two years a storm petrel on the school board, has resigned and his resignation has been accepted by the school board. Belief that he would not be reappointed led to his resignation, it was stated by Dr. Denson.

The resignation of Dr. Denson recalls an effort to unseat him in 1923 when the selection of a superintendent for the school was up for consideration and it was thought Dr. Denson was serving in contravention to the nepotism law, a niece of the doctor's then being on the faculty.

The effort to secure his resignation

was unsuccessful and proceedings were stopped.

It is thought that other changes will occur in the personnel of the board. Dr. A. S. Epperson, chairman of the board, will likely retire. He declares he has served long enough and would like to retire. His friends however are urging him to remain and there is no opposition to him on the part of any member of the council. It is also said that the when the new administration begins there will be no opposition to him. Dr. Epperson declares he would like to be relieved of the duties because of long sacrifices.

Baylor Choral Club Will Sing In Cameron April 12

All except two of the girls of the Baylor College Choral Club which will appear in concert here at the Yoe High School Auditorium, Saturday April 12, are Texas girls. Of the out-of-state girls, one comes from Kentucky and the other from Oklahoma. This is the eighth year which the club has toured the state.

Singing the college song, "Old Baylor Is Marching," the girls make their appearance on the platform. The song was written by a Baylor College student two years ago and is the favorite of the Baylor College student body. It furnishes a spirited introduction to the program.

Then follows the classic "Around the Gipsy Fire" by Brahms-Ambrose which brings out the pleasing ensemble work of the club.

Other features of the program are a whistling solo "Bubbles" from High Jinks by Adelaide Winerich of

San Antonio, a violin solo by Miss Virginia Mayers of Marble Falls, a reading by Miss Lorene Miller of Cooper and a piano solo by Miss Genevieve Camp of Laredo.

Probably the most popular part of the program is the group of songs taken from recent operas and musical comedies. "So This Is Venice" by Miss Angeline McCrocklin of Louisville, Ky., Miss Lorene Miller of Cooper and Miss Lucile Summer of Nacogdoches is undoubtedly the most modern and most catchy number of the popular group.

Miss McCrocklin has been pronounced by Galli Curci as one of the most remarkable young singers in America.

Miss Galdys Hood of San Antonio will take the solo part in "Columbine" from Beggar's Opera and Miss Corinne Cochran of Meridian the solo part in "One Upon a Time" from Clinging Vine.

Health Week Observance Urged by Sanitary Officer

From the 1st to the 5th is the National Health Week, a time set aside for the betterment of the health of the entire nation, and I feel that every citizen should do his share in the work, no matter what position he holds.

Health should come before all things, because without health, we lose all interest in worldly things, and life soon becomes almost a drudgery.

A great many diseases can be almost controlled, or at least kept to

the very minimum, by destroying their carriers. For example, flies carry typhoid, dysentery, cholera, infantum and tuberculosis. Mosquitoes carry malaria, dengue and yellow fever. These two pests are the most common ones we have, and are perhaps the easiest to control if everyone would use a little precaution. As the fly breeds only in filth such as decayed vegetable matter, manure and open privy houses, all these can be easily remedied by lit-

CASE OF JOHN GRNDY IS AFFIRMED BY HIGH COURT

CONVICTED ON CHARGE OF SELLING LIQUOR MUST SERVE SENTENCE.

In case of the State of Texas vs. John Gandy charged with unlawfully selling intoxicating liquor and who was convicted by a jury in the District Court June 15th 1923 and his punishment fixed at one years confinement in the State Penitentiary, and which was appealed to the Court of Criminal Appeal of Texas, was affirmed by the Court of Criminal Appeals last Wednesday. There still remains in the Court of Criminal Appeals 16 cases appealed from Milam county.

The jury in the case of State of Texas vs. Albert Krensk returned a verdict of guilty and assessed his punishment in the penitentiary for a term of one year. Krensk was charged with unlawfully manufacturing intoxicating liquors. He was defended by DeWitt Bowman and Will Hair of Bell county.

On account of next Monday being first day of the county court and County Attorney Jack Lewis being tied up in this court there were no criminal cases set for the week beginning Monday April 7th and no jury summoned for this week.

Lola Banks, negro, charged with the killing of her husband Eddie Banks, last November at the grounds in Cameron was found guilty of manslaughter by a jury and given a five year suspended sentence.

BASEBALL SEASON WILL OPEN ON NEXT TUESDAY

YOE HI BASE BALL TEAM FAST ROUNDING INTO SHAPE WILL OPEN SEASON WITH BEL-TON TUESDAY.

The Yoe High base ball team is now putting the final touches on for the opening of the season next Tuesday with Belton. Yoe High is going to have one of the best base ball teams in the history of the school. There has been strong competition for all positions this year and under the direction of Coach Sterling the youngsters are beginning to look like a real ball club.

The most promising candidates for catcher are Ed. Thompson, Fred Childress and Cecil Morgan. Thompson is the catcher of the past two years, while Fred Childress is an all-around athlete who is coming out for base ball for the first time this year. With a little experience Childress will make one of the best high school catchers in the state for he has a sure arm. Tindall will likely get the call for mound duty with Jeanness in reserve. Tindall and Jeanness are both veterans of the last two years and have been getting better every year. It is likely that both will see action Tuesday.

On first base there are several men who are looking good. Williams will probably get the call Tuesday, with Baskin and Chaves in reserve. All three of these are good men and will keep each other hustling to hold down the initial sack. It may take the flip of a coin to decide the second basemen for Tuesday. Baggett and Thompson are both good and it is a hard matter to decide who will get the call for the keystone bag. Capt. Keith will hold down his old job at short and Harden will again be found at the hot corner.

"Doc" Benson will get the call for the sun field with Reese in reserve. In center field, Robert McCown will probably "strut his stuff," with Young ready to take his place in case of emergency. Right field will probably be held down by Arthur Adams, with Elton Ledbetter as reserve.

Rev. H. R. McFadyen and family motored to Rockdale Friday for the track meet.

SUNDAY SERVICE WILL FEATURE THE MOVEMENT

CHRISTIAN EDUCATION CLAIMING ATTENTION OF PRESBYTERIANS OF TEXAS.

The Presbyterians of Cameron are now launching a campaign as their part of the state-wide Presbyterian Movement for Christian Education, under the direction of an Executive Committee appointed two weeks ago, and composed of Ernest Eggeert, chairman, C. R. Phillips and Judge John Watson. By the use of outside speaker of prominence in the Presbyterian church, and other forms of publicity an effort will be made to inform every member of the church of the conditions confronting the educational work of the denomination. An office and telephone has been installed in the church, and there will be people on duty at all times to answer the questions of the members. An earnest appeal to the people to take their full share of the responsibility for the success of this common undertaking of the denomination in Texas, although he recognized that they were already undertaking a big task in the attempt to build a new church for themselves. It is true that the Presbyterians, as do all other churches, draw the larger part of their preachers from their own colleges, and according to Mr. McFadyen these colleges must be greatly enlarged and adequately equipped if the church is to have the number of men needed to meet the increasing calls for ministers.

During the local campaign there will be a number of special functions, the first of which is the "Blue Hour" Dinner given Thursday evening at 7:30 to the officers of the church and their wives by the campaign committee, and at which Judge W. G. Gillis, chairman of the Hospitality Committee will preside as toastmaster. At this occasion the Rev. F. S. Henderson of Navasota will be the principal speaker. Mr. Henderson is pastor of the first church in the State of Texas to complete its part of this program. The dinner will be served by the Ladies Auxiliary of the church, who have arranged for a program of special music.

Similar campaigns are beginning now in Fort Worth, Austin, Laredo and Denton. The fund of \$1,350,000 will be apportioned to the following institutions: Austin College, Sheppard, Daniel Baker College, Brownwood, Texas Presbyterian College

CITY SELLS BONDS FOR SCHOOL BUILDING HERE

PREMIUM PAID PLUS PAR AND ACCRUED INTEREST FOR CITY SECURITIES.

School bonds to the amount of \$100,000 were sold Tuesday night by the City Council to Joseph C. Brown of Austin representing an eastern bond buyer.

The price obtained for the bonds was par and accrued interest plus \$579.

The bonds are to be delivered this week to Mr. Brown and the money for these bonds is to be placed in the depository of the city subject to use of the school board in carrying out its plans for the building program.

The city received no bids on the issue of \$25,000 for sewage disposal plant bonds, although these bonds had been advertised the same as the school bonds.

The school board has not yet adopted plans for the building but an architect has been employed and is now working on plans for the building.

The plans for the sewage disposal plant bonds have been practically approved by the state board of health but some additional details must be perfected.

SOCIETY NEWS

BY MRS. JEFF T. KEMP

BIRTHDAY JUBILEE PARTY.

The Birthday Jubilee given by the Women's Baptist Mission Union in the home of the president, Mrs. A. N. Green on Monday afternoon centered itself around the birthday of the oldest member, Mrs. L. E. Bailey, who reached the eighty-third milestone on life's journey on April 19, 1924. A birthday gift from the church members was presented to the honoree who tremblingly expressed her gratitude and appreciation for this evidence of love and affection.

Other honorees of the birthday celebration were the twenty-five members of the Union whose birthdays fall within the months of February, March and April.

Program features were in charge of an excellent committee: Mesdames T. S. Henderson, Noah Kennedy and Miss Lily Mag Jeter. A scriptural contest showed that three members could name and locate every place mentioned in Paul's second Missionary journey. The winners of a contest in the plastic art were those ladies who mounded from chewing gum "The Raven that fed Elijah," and "The Lion Daniel met in the Den."

A "Review of the Months," in which music, reading and pantomime featured was put on by the children of the honorees. While Miss Helen Flinn gave piano numbers typical of each month and Imogene Sapp introduced each month with a poetical prologue (my children in costume represented the passing months from January to December. This was a most popular and pleasing number.

Presiding at the tea table were Mesdames R. G. Grabain and John Ryan and a delicious luncheon was daintily served by the young ladies.

Miss Eloise Rogers sang a group of American songs and Misses Katharine Flinn and Lily Kate Beckerman gave piano numbers.

The following group of children participated in the Revue of the months presented on Monday afternoon:

January—Margaret Brogden.
February—Marshall Griffin.
March—Ernest Collins.
April—Dorothy Lee Kennedy.
June—Tula Mae Faddick.
July—Bess Newton.
August—Arnette Ryan.
September—Bettie May Thompson.

October—Elizabeth Redfield.
November—Hazel Paddick.
December—Robert Sloan Ryan.

The basket for the silver jubilee offering was in charge of Helen Ryan—the funds collected are to be used by the Baptist ladies to purchase fans for the church.

Mrs. S. M. Burns, Jr., was hostess to the Priscillas on Thursday afternoon. Her home was in distinctive spring-time appointment with blossoms in the yellow hue, banksia roses predominating.

An informal hour of needle work and conversation was enjoyed after which the hostess assisted by her mother, Mrs. John Dobbins, served a tempting luncheon.

Other than club members, guests for this hospitality were: Mesdames T. S. Henderson, Collins, of Austin, W. H. Henley, T. J. Denson, James Coleman and Earl Evers of Cuero.

AUCTION FORTY-TWO.

The Auction Forty-Two Club met on Tuesday afternoon with Mrs. S. M. Burns, Jr. Her home was a bower of beauty with lilac, wisteria and iris in wall vases and baskets. Each lavender covered table was centered with a tulip tied basket of lilac and taller and score pads were in the favored hue.

Other than club members, the following guests enjoyed the games: Mesdames Warren Stone, Albert Triggs, Joe Denson, Giles L. Avriett, Lloyd Mitchell, H. F. Smith, Jr.,

Assisted by Miss Sallie Kate McLane, the hostess daintily served a two course luncheon favoring the chosen colors in sweets and ices. In the 'cut for table favors, fortune favored Mesdames Julian Baskin, Oxsheer Smith, Albert Triggs and Joe Smith.

The Cameron Commercial Club enjoyed a banquet on Monday evening in the basement of the Methodist church. More than one hundred members of the club found places around the banquet board.

Baskets of spring flowers were placed at convenient intervals on the

tables and floor baskets of blue bonnets and other spring blossoms were placed advantageously to lend a festive appearance to the banquet hall.

Introduced by Attorney Tom Henderson, Jr., Mr. McGinnis of the Department of Business Administration of the University of Texas delivered an inspirational address.

The former officers of the Commercial Club were re-elected and names of the chosen directorate will be duly announced.

The three course menu, faultlessly served by the ladies of the Methodist Missionary Society, was as follows:

Grapefruit cocktail, smothered chicken, giblet gravy, Creole rice, candied apples, potato salad, hot rolls, Maxwell House coffee, cherry pie a la mode.

MRS. REDFIELD HONORED.

Mrs. Beulah Redfield was the honoree of a pleasing social in the home of Mrs. W. F. Hendrichsen on Wednesday afternoon. Friends of the honoree came bearing gifts of linen with many expressions of love and good wishes mingled with regret that Mrs. Redfield is soon to take up her residence in Waco. She will be sadly missed in Cameron where she has made her home for so many years, and her going away gives the motif for this and other expressions of love.

Chills, & Stomach Trouble

M. R. N. A. SMITH, of Shaw, Miss., says

he can't remember being without Thedford's Black-Draught liver medicine since he and Mrs. Smith began keeping house, many years ago.

"When we have chills," says Mr. Smith, "Black-Draught is what we use

and we find it just splendid. I had a bad case of stomach trouble. I couldn't eat enough and was very weak. Everything I ate hurt me, formed gas and I spit up my food. I would feel stupid or staggering. I didn't feel like doing any work. I knew what Black-Draught had done in colds and I began taking small

doses. I certainly got relief. It did me lots of good.

"When I go to town, I look first to see how near out of Black-Draught we are, and then get more. We are a good way from the doctor and keep our home remedies and the main one is Black-Draught."

In hundreds of thousands of homes, housekeepers keep Black-Draught on the shelf, handy for use when needed, as a household remedy to relieve constipation, biliousness, indigestion, and many other simple ailments. "A dose in time saves nine." A dose of Black-Draught costs only one cent. It may save you a big bill for medicine later on. Keep it on your shelf. Buy it at your store.

MAKING IT HARD FOR BANK CROOKS

How the Nation's Bankers Are Banded Together in War on Crime—The Great Crook Trap and the Way It Works.

By JOHN OAKWOOD

The slick gentry who have been wont to walk into banks and mesmerize paying tellers into giving them good cash for worthless checks have recently become aware of the fact that their operations are daily growing more difficult. Crooks who have operated with apparent immunity for years have suddenly found themselves caught in the meshes of what amounts to a nation wide crook trap.

To show how effectively this is now working, one of the biggest figures among the worthless check operators, a man who claims to have defrauded dozens of banks and realized more than \$300,000 from his operations, recently fell into the toils of the trap. Realizing that he was hopelessly caught, he made a complete confession.

This trap is conducted by the Protective Department of the American Bankers Association, which includes in its membership more than 22,000 banks that are thus leagued in a perpetual warfare against the army of bank crooks scattered throughout the nation.

A Dramatic Arrest

A dramatic illustration of the workings of the association's detective department was recently staged in Buffalo, N. Y., resulting in the sudden downfall of a pair of check swindlers and terminating a year's successful operations in some fifteen cities in various sections of the country.

The pair began their operations in Buffalo in the middle of January, one of them appearing at the special savings account window of a bank there.

He presented a counter check on the bank for \$75.00, together with a deposit slip filled in for \$20.00. He also presented a second deposit slip for \$3, proffering with it \$3 in currency. He told the teller that he wanted to deposit the two items, that is, \$3 in cash and \$20.00 out of the check, to the credit of his wife, explaining that he had forgotten to bring her book but would return with it later. His cash and the check were accepted, totaling \$78.00. From this sum his wife's supposed account was credited with \$23.00, the total of the two deposit slips, and he was given \$55 cash in change.

After the man left the bank the teller became suspicious due to his prolonged failure to return as he had promised with his wife's deposit book. On investigation the check he had left was found to be worthless. The bank communicated with the local detective office of the association, giving a complete description of the man.

The Alarm Is Given

Later that same day the detective office received another report from a second bank that it had been similarly defrauded by a man answering the description given by the first bank. Steps were at once taken to set a trap for him should he attempt further operations. All surrounding banks were warned that he was in the vicinity and a complete description was given them of his appearance and of his mode of operating. They were advised to have their tellers and guards on the lookout and to communicate at once by telephone with the detective office in case anyone appeared in their lobbies who seemed answer to the description of the wanted. They were also in-

structed to take steps to detain him in the bank.

Early the next afternoon the telephone rang in the detective office and a message came from a third bank that they thought the man was in its lobby. Three detectives rushed to the bank in an automobile which had been held continuously in waiting. Two of the detectives covered the entrances of the bank and the third went into the lobby. He at once noticed a short, well dressed man standing at one side and watching the line of people at the tellers' windows. In the line he noticed a large man, answering the description of the bad check operator he was seeking.

The detective approached the man who at once scented trouble and tore up the papers he had in his hand, hiding the pieces in his pocket. At signs of his putting up a fight, the detective grappled with him and called to his two associates at the doors to arrest the other man whom he had noticed as he entered. After a short struggle the two men were overpowered. When the larger of the two was searched a torn check was found in his pocket, made out in the same writing as the two that had been successfully passed the day before. A number of similar checks all prepared for use, were also found on his confederate. When confronted by the tellers of the banks who had been victimized the day before, the leader was readily identified. The two prisoners were hopelessly ensnared, admitted their guilt and in their hotel rooms were found a large number of checks, deposit slips and pass books of banks in various cities.

The Trap Sprung Again

Similar quick action of the bank crook trap in Boston terminated the career of another check forger who had been operating successfully in the New England states. The banks which he had victimized notified the American Bankers Association with the result that all other banks in the territory were warned against him and were put on guard. Therefore, when he walked into a Boston bank to continue his operations he walked into a trap as he was immediately recognized and nabbed by the officers there.

These are only two instances of many that have recently taken place in various parts of the country. Some of these arrests have brought into the toils of the authorities some of the slickest operators in this line in the country and from them have been learned the details of the way bank crooks operate, placing in the hands of the detective department the means to put banks on guard against further depredations.

Rub Backache away with small
trial bottle of old
"St. Jacobs Oil."

When your back is sore and lame or lumbago, sciatica or rheumatism has you suffered up, don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right on your aching back, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints!

TO MY FRIENDS AND PATRONS.

This is to say to my friends and patrons in Cameron and Milam county that I have moved to Houston and will no longer practice my profession in Cameron. During the years that I have been engaged in the practice of medicine I have built up a large practice and likewise a wide circle of friends whom I deeply regret to leave but feel that I must respond to the call of opportunity. I wish to thank these of my friends and patrons for their many favors during these years. In the future I will be located in Houston.

Very respectfully,

DR. T. G. VANZANDT.

W. T. HEFLEY, JR., MAKES FINE RECORD AT A. & M.

Superintendent T. A. Fisher has just received from Registrar Chas. E. Friley of A. & M. College a statement of the standing of W. T. Hefley, Jr., a 1923 graduate of the Yoe High School and now the only Freshman in the College from Cameron.

Out of a total of nine grades for the first term Hefley made six A's (excellent) and three B's (good.) He is taking the electrical engineering course.

WHILE FATHER
"LISTENED IN"

By ADELAIDE R. KEMP

MRS. ANDREWS raised her steel-bowed spectacles over her gray, neatly-parted hair and settled back comfortably in the old stuffed rocker. She watched her husband a little anxiously. On a low stool in front of their radio—she was intent on "tuning in." The result at present was a mixture of catcalls and squealing from the graceful loud-speaker that stood just behind the mahogany case. She shook her head and frowned slightly.

"Why don't you stay where you are, pa?" she said. "That was a nice song. You're trying to find the band that plays the new-fangled music—jazz, I think they call it. You know you be," she added accusingly.

David held up a warning finger and shook his white head fretfully.

"Hush, ma. I can't get nothing when you talk. I'm trying to hear some of them good ones we heard last night—fox trots, they call 'em."

Ma rocked a little and looked around the modest sitting room. They might be moving along with the times, but, except for the shining instrument over which her husband was working so eagerly, the rest of the house remained the same. There in their places stood the old haircloth sofa and chairs prim and straight, and on the floor the carpet with its big roses. She had swept and dusted these things for nearly fifty years. On the mantel back of the chunk stove were her mother's candlesticks, and in the center a picture of their only boy, who had died when but a lad. She looked at it tenderly. Not many years now to wait. Above, on the wall, hung an old-fashioned sampler worked in red thread.

"There is no place like home."

A sudden chuckle from her husband brought her back to the present. "Ain't that great, Jane! Hear 'em clap?" He was tapping his old slipper and keeping time to the fascinating music.

Mrs. Andrews acquiesced, but there was doubt in her heart. Was it right for David to be so much interested in such music at his time of life? Time was when every Sunday morning they had hitched up old Prince and driven sedately to the white meeting house. Now that winter was here, it was much easier to settle down in the warm sitting room and "listen in" to the beautiful service in some big city church. Through the week David loved to pick up the liveliest music in the air. Oh, shades of their Puritan ancestors! True, they had only reached their present comfort and rest through a life filled with the sternest kind of labor, isolated among the forgotten hills. Now, suddenly, like magic across their horizon, they were able to mingle and listen to the world.

There was a creak that seemed to come from the back shed. Mrs. Andrews turned her head quickly and looked out into the kitchen. It was dark there and only a dim light in the sitting room. They had been listening to a weird sort of play at the beginning of the evening and David had turned out the lights to make it more realistic.

The noise came again. Mrs. Andrews' heart beat a trifle faster. Then she remembered Tommy, their old cat. He had a way of creeping about like that. David was far away in a western state and having a most enjoyable time. She would not disturb him.

Suddenly, before she could cry out, she felt something cold pressing against her forehead. Before her stood a short man with a cap pulled low over his eyes. In his hand he held the revolver which she felt at her head. His other hand was over her mouth and he made a motion for silence.

Another man, tall and gaunt of frame, was moving across the room toward the radio. David was shaking his head to the music which came rolling into the room as if in sheer defiance of the tragedy about to be enacted there.

Swift, agonizing thoughts hurled themselves through Mrs. Andrews' brain. What was the use of that great horn, sending out its beautiful music, if it could not in turn receive and broadcast their message for help?

The cold steel of the revolver slipped slightly to the bridge of her nose. She gave one wild shriek.

"Janie! Janie!" David's arms were around her. She looked desperately about. The men were gone, and her husband was holding her close and patting her shoulder.

"Oh, David," she moaned, "they held a cold revolver to my head and it felt to my nose just as they were about to shoot you."

David gently took off her steel-rimmed spectacles and laid them on the table.

"Guess them's all the revolvers you felt, wife. That play was too much, and you fell asleep while I was fox-trotting. They just said 'good-night' to me out in Nebraska, anyway. Wait till I put Tommy out and we'll go to bed. It's 2 o'clock."

What the World Is Doing

AS SEEN BY POPULAR MECHANICS MAGAZINE

Motion Pictures of Lips Aid the Deaf to Speak

By means of motion pictures of the lips of a person speaking, the deaf, children with defective speech, and foreigners are

greatly assisted in their efforts to talk correctly and to interpret sounds by lip-reading. A specially devised camera takes a series of "close-ups" the "model" pronouncing the words, taking great care to move his lips in the precise positions for forming the sounds. The pictures are shown with the words and symbols to accompany them, supplying a graphic "pattern" for the pupils to follow.

Concrete Railway Ties Have Wooden Plugs for Spikes

Concrete railway ties, used on a section of a right of way in northwestern India, have proved to resist wear and weather equally as well as wooden ones, according to a report. It is believed their employment will result in great savings of lumber and labor, since they will not require replacing as frequently as the timber. The cement beam consists of two blocks tied together with steel straps. The rails are fastened on by means of spikes driven into treated-wood plugs set in the concrete.

Tobacco Smoke Not Harmful According to Mine Test

To test the effect of tobacco fumes, three men were confined in a closed chamber where the air was so smoky that it was impossible to see across the room. The atmosphere was so irritating to the eyes that it was necessary to wear goggles.

After an hour and a half, samples of the air and the blood of the smokers were taken for analysis. The experiment was made by the bureau of mines, and, as a result, it was decided that the harm from smoking indoors, or in mines, is negligible.

Pulling Car Out of Mud

When stuck in mud the lone autoist need not despair as long as he has a pair of good chains with him, for, with their help, the car can usually be run out of the mud, providing, of course, it is not too deep. One end of a chain is fastened around the tire and to the spokes of a rear wheel, while a short, stout iron bar is pushed through the links at the other end of the chain and a tow rope tied to this bar. If no iron bar is handy or it is too large to be pushed through the links, the tow rope is tied to the last cross chain. The other end of the tow rope is securely tied to a tree located in front of the car, slightly toward the side. By applying power to the wheel, it will run along the chain for a foot or more. The operation is repeated until the wheel is out of the mud.

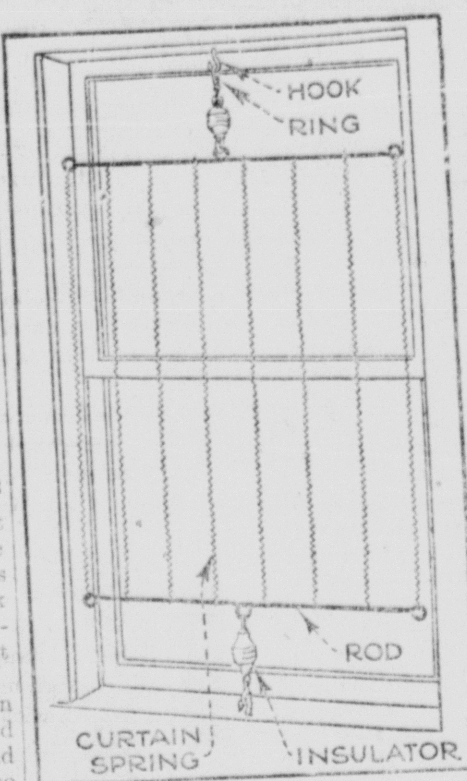

Cleaning White Woolens and Furs

Garments are often dry cleaned at home, but the result obtained in the case of white woolens or furs is not always satisfactory. However, the simple trick described below can be employed by anyone, and the results will prove a pleasant surprise.

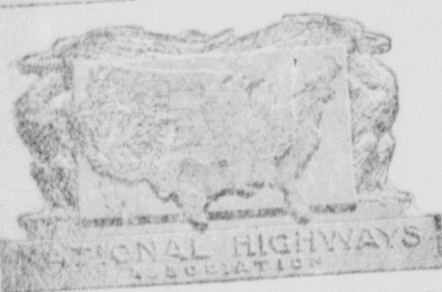

After the woolen or fur has been washed and rinsed in gasoline, it should be wrung or shaken out thoroughly and placed in a deep pan. A pound or two of white flour should then be sifted over and rubbed into the article. After allowing the article to dry on the line, the flour is whipped out, leaving the garment in a cleaner and whiter condition than usual after cleaning. This is due to the fact that the flour sifts into the fur or fabric and absorbs the dirt with the gasoline that cannot be wrung or shaken out. When whipped out, the dry flour naturally carries the dirt with it.

Curtain Springs Make Simple Window Aerial

Various kinds of indoor aerials are advocated for buildings where any other type is impossible; one of the most effective is shown in the illustration. Two spreaders of heavy iron wire or light iron rod, a little shorter than the width of the window, are bent with an eye at each end, and one in the center. The two spreaders are connected with a number of the light

curtain springs that are widely used instead of curtain rods. The efficiency of the aerial depends to a great extent upon the number of springs used. The spreaders are suspended between the top and bottom of the window casing, insulators being used as shown. The springs are drawn up tightly so that they will not touch each other, and the aerial will not swing.

Public school education is popularly supposed to be free education. But free education which requires the purchase of text books by scholars is not free. So argued the proponents of free text books a hundred years ago and so they have argued ever since. Their arguments have had much effect, since today forty-one states and the District of Columbia have laws of one sort or another regarding free books for public schools.

Six states provided school books at state expense, buying them directly from the state treasury. In thirteen states the laws make the purchase of books by local authorities mandatory, thus making each community pay for its own books through local taxation. In twenty-one states, school funds may be used for the purchase of free books. Some states furnish all books free; others furnish books for the lower grades and have high school pupils furnish their own.

There seems to be no reason why a pupil should buy a book, when the authorities do not require him to buy a desk, or pay a teacher. All three are part of the mechanics of teaching. But there is always the question of foolish economy to be considered, and the foolish economist wants to use a state purchased book until it wears out, and to issue and use all the supply bought, even if a new and much better book is available. There is something to be said on both sides of the question, at least where the higher grades are concerned. Meanwhile, it is obvious that there is no child so poor but what he can get his education, book and all, at public expense, thanks to the spread of the idea that books should be as available to teachers and schools.

LIONS START WORK ON HIGH CIVIC PROGRAMME

BUILD A NEW HOTEL TAKES LEAD AND COMMITTEE IS APPOINTED FOR WORK.

The Lions have begun work on their civic program as outlined at a recent meeting and committees have been named to carry out the four divisions of the program as follows:

Build a new hotel; publicity; Boy Scouts and Better Sanitation.

Robert McLane has been named chairman of the hotel committee and the sanitation program will be carried out by the civic improvement committee of which E. V. Ferguson is chairman. E. S. Hutcherson is chairman of the publicity committee and John Henderson heads the committee to push the Boy Scout movement.

President Fisher conducted a business session of the club Tuesday. A roll call was had to check the attendance contest.

The club thanked the Cameron Enterprise for its recent edition on the Lion's Club. Paul Webb presented the matter of the vote of thanks and Mr. Cobb responded with a talk of appreciation.

Thirty-seven members were present for the luncheon.

MAY NOT BE SATISFACTORY TO INCOMING MARSHALL IS VIEW EXPRESSED.

A petition signed by practically every business man in Santa Fe town asking the appointment of L. N. Lutz as night watchman in the Santa Fe town was held up and unannounced by the council Tuesday night.

In opposing the confirmation of the watchman Alderman Graves expressed the view that in as much as there would soon be a change in the offices of Mayor and City Marshall and that in view of the fact that the man selected by the Santa Fe business men might not be satisfactory to the incoming marshall the matter should be held up.

In the face of this objection no action was taken. The merchants of that section of town will ask the city to pay a portion of the salary and Mayor White and others took the position that the Santa Fe section is entitled to this aid, and it is likely that the city will finally approve the expenditure, although one member of the council objected to the proposition that the man selected should work in that section only.

It has become known that Mr. Lutz will not be satisfactory to the incoming marshall, as stated by at least one of his friends.

However, the merchants of Santa Fe town may continue to keep Mr. Lutz as their night officer, provided they pay the salary and secure a deputyship for him under the constable or sheriff.

J. P. WERNER EASTER SALE A GREAT SUCCESS

CROWDS FLOCK TO RELIABLE STORE FOR BARGAINS OFFERED AT BIG SALE.

On Wednesday the Reliable Store, opened their ten day Pre Easter "Trade Expansion Sale" and all indications are that it will be phenomenal selling of merchandise.

From the opening hour till the present time the store has been filled with people from near and far and they are all out spoken in their belief that this is an exceptional saying opportunity.

Harry Harding, who is in charge of the selling is interesting the crowds with his "Hour Happenings" and they are well worth attending—as he offers some very exceptional values at these hours at each days selling.

Both Mr. Werner and Mr. Harding are delighted with the response of the public and promise some surprises for the coming week, a Style Show, in which Living Models will display all the latest Easter Costumes and several other feature days—including Mr. Harding's own original "Dollar Day."

The store presents a gala appearance tastefully dressed in a canopy of Green and Beautiful flowers—the interior presents the appearance of a store in one of the largest cities, and altogether this Trade Expansion effort of the Reliable Store to secure more customers, is worthy of Cameron, and proves that the old quotation this store is using "That if a man make a better article than some one else the people will come to him" is wholly true.

AUTO CRASHES INTO PLATE GLASS WINDOW.

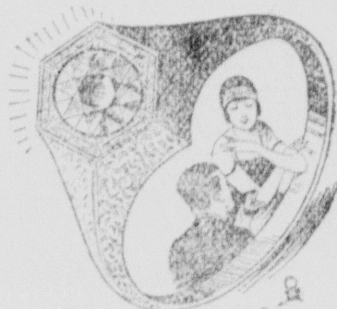

Tuesday afternoon an automobile driven by two young ladies crashed into a plate glass window in the Louis S. Pierce dry goods store. It is thought at least one of the occupants of the car was slightly injured.

The car was not identified at the time but the number was secured. The driver backed the car out and drove away. It was said at the Sheriff's office that the car had been located in Bell county. The building is owned by Horstmann Brothers of Cameron.

BOURBONISM AS A
CAUSE OF STRIFE

BY EVANS WOOLLEN.

resident, Trust Company Division,
American Bankers Association.

Evans Woollen

The continuance of property-right and the existence of efficient government in this land of universal suffrage depend upon the dominance of sound public opinion. More than anything else we need understanding. We need understanding between those who have and those who have not, between "the better off" and the "worse off"; understanding between those who employ and those who are employed. Understanding between all these is possible but understanding is impossible between the Bourbon and the radical. Accordingly, a contribution on our side to understanding is the avoidance of Bourbonism.

Some of us may well re-examine our conception of property rights. If those who own property and those who are charged with its conservation recognize this fact: That property-right is best defended, not on grounds of tradition, but on grounds of usefulness, there is a chance, through open-minded discussion, for understanding between them and those who vote. On the other hand, with the Bourbon who holds that property-right, unchangeable in all its aspects, is not discussable in any aspect there is no chance for understanding. There is chance for clash. He promotes the class consciousness that is his danger and the danger of those whose business it is to conserve property into the future. Is it possible, in the second place, that some of us may well re-examine our conception of free speech? Thus also we may help, each his mite, to avoid misunderstanding between Bourbon and radical. Some of us would find ourselves assuming free speech as the right of those who accept the political and social institutions in which we believe. Whereas the fact is, of course, that free speech, short of incitement to law-breaking, is the right of all of us. It is the right of the communist and the socialist as much as it is the right of you and me. If we who believe in our political and social institutions recognize this fact: That free speech, short always of incitement to law-breaking, is the right of those whose ideas we dislike not less than of those whose ideas we like, we promote understanding. Indeed, let us go farther and say that we had better abate somewhat of our zeal for repressive legislation. Government by failing can put out the communist and the socialist, but cannot put down communism or socialism. That is the task of those who think straight and discuss generously-mindedly.

STRAIGHT TALKS
WITH AUNT EMMY
ON WHAT WOMEN SHOULD
KNOW ABOUT MONEY

"When you are as old as I am," said Aunt Emmy to her niece Molly, "I hope there won't be so many widows like Mrs. Strong losing every cent through ill advised investments and having to take any sort of a job to keep body and soul together."

"Why not, Aunt?" inquired Molly. "Widows and orphans have always been victimized."

"They don't need to be," replied Aunt Emmy. "Every day better investment advice is open to women. Now-a-days the banks make their depositors feel that they can go to them with their financial problems. The more women have to do with banks the wiser they become about the disposition of their money. In time women will know enough to look carefully into every investment before they venture, and to question any promises to pay more than a reasonable return. It takes an experienced financier to judge if investment is safe. Women as a rule do not understand the tragedies that lurk around money. They love nice things and naturally want them so they are often led into foolish investments and speculations because they seek to gratify their wishes quickly. The so-called 'sure thing' that pays enormous dividends is usually sure loss."

"Don't think, Molly, that I mean that women should not seek to get the most out of their money. They should. But the way to get the most is to keep it safe. They should seek advice. Properly and conservatively invested at six per cent and the interest re-invested each year, money will actually double itself in twelve years. If you take \$5,000 and lay it away it will be only \$5,000 at the end of time. If you put it into an ill advised investment—it might all be lost over-night. But if you get good advice and put it to work in a good investment it will be \$10,000 in a dozen years."

"I don't think I ever realized so clearly before that women ought to know more about money—I thought it was only for men," said Molly. "Women are often left on their own resources," said Aunt Emmy. "If they talked with their banks more there would be fewer Mrs. Stronges."—ANNE B. AYMES.

GRAY HAIR DARK

Try Grandmother's Old Favorite
Recipe of Sage Tea
and Sulphur

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost. Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

JACK TAYLOR SLATED FOR OLYMPIC GAMES IN PARIS MEETING.

Waco, Texas, March 22.—Jack Taylor, 1923 graduate of the Yoe High School at Cameron, Texas, and a freshman at Baylor University this year, threw the discus 150 feet in practice work on the athletic field at Baylor yesterday. The Southwestern Conference record is 132 feet, held by Tiny Keen of A. M. College of Texas and the high school record of Texas is 129 feet, held by Doss D. Richerson of Sherman, Texas, High School.

Taylor, who averages 140 feet with the discus, is considered one of the most sensational discus hurlers in the Southwest by athletic officials here, and will be one of a group of Baylor University athletes who will go to New Orleans in May for the Olympic try-outs. If Taylor lives up to expectations at the New Orleans try-outs, he will go to Boston, for the national finals. Winners in the Boston meet will go to the Olympic games in France.

MRS. CARTER LEAVES HUSBAND AND INFANT.

Mrs. Willburn Carter, daughter of Mr. and Mrs. Will Talley of the Gano community, died at the P. & S. Hospital at Taylor last Sunday following a short illness. The body was buried at Pleasant Retreat Monday afternoon in the presence of many sorrowing relatives and friends. She leaves two sisters and three brothers, besides her father and mother, Mr. and Mrs. Will Talley and a devoted husband and an infant to mourn her untimely death.

The deceased was in the prime of life being only about twenty years of age and she was much loved and admired by all who knew her. The grief stricken family have the sympathy of a large circle of friends.—Thorndale Champion.

WHAT'S BACK OF THE MAN WHO WINS?

For the past twenty years we have observed that the young man or woman who WINS are, invariably, the ones who are well fortified by a thorough business training. It matters not what vocation they choose, the real foundation and secret of their success is based upon a thorough knowledge of the fundamentals of business.

A High School training is good—in fact, means much. But what can you do that will enable you to earn a salary or a living wage? To do this, you must go farther.

If you choose to go to the University, you must resign yourself to the task of spending from four to six years more in school. That is expensive. It will cost from one thousand to fifteen hundred dollars each year. The average young man or woman does not have the means—nor will they take the time necessary to equip themselves with a University training. Even should they do so, there is always a non-productive period after completing a University course, the building up of a practice or clientele on their chosen profession.

Not so with a Business Training. You may go direct from the classroom into a good paying position and begin to produce from the beginning.

The longer you work, the more you are able to earn. The more experience you have, the better your salary.

Unlike the University, it is not necessary to have a High School education to enter a Business College. Although it is desirable, it is not essential. Many young people enter Business colleges with a Common school education and, in many cases, make as good or better progress than those who have been more fortunate—or who have had better opportunities.

The Tyler Commercial College, of Tyler, Texas, has the reputation of qualifying its students in such a way that makes their school the choice of large business concerns when in need of Office help.

Such concerns as the Texas Company, The Magnolia Petroleum Co., The Continental Supply Co., several of the larger wholesale grocery companies as well as large Lumber and Automobile Companies, use their graduates almost exclusively.

It is gratifying, indeed, to see how many young people take advantage of this wonderful school to equip themselves in a few short months to go into the offices of the above and many other concerns—and earn a splendid salary.

The Tyler Commercial College numbers their successful graduates by the thousands. They will send to anyone who is interested a book on Business Education. This book will tell you of the school, the large commodious building, its expensive equipment, and its faculty of more than thirty trained experts.

One of their instructors, Prof. W. A. Botts, has the distinction of being the best all-round penman living. He teaches Business Writing, Engrossing, Lettering, Show Card, Air Brush and Designing, as well as Car-

Growth of Hostility Toward the Railroads in Texas

By WALTER SPLAWN
Railroad Commissioner of Texas.

A second source of discontent in the country as a whole, which exerted no little influence in Texas, was a series of panics and periods of depression.

Beginning with about 1869, there was a period of great activity in agriculture and all kinds of manufacturing enterprises and railway building. Many railroads were built into undeveloped country. This drew people away from the older parts of the country and lessened land values in them, but the development of the new territory was not rapid enough to enable the railroads to obtain tonnage in paying quantities. 1869 Congress prohibited any further retirement of the green back notes. The fluctuations in prices that followed fostered speculation. There followed in 1873 one of the severest panics in the history of the country. Failures were widespread. In the process of liquidation many railroads along with banks and mercantile establishments bankrupt. There followed the panic of 1873, a period of depression which continued for five or six dreary years.

After this depression there was another period of great activity, especially in railroad building. Most of the new mileage was added in the central and western states. A sharp crisis in 1884 was the result of general over-expansion in business.

Rapid expansion in railroad construction contributed largely to the panics of 1873 and 1884. This fact was generally known and talked of throughout the country. Many people began to blame the railroads for the panics and for the personal inconveniences they had suffered therefrom.

A third source of discontent in the country grew out of the competition between the trunk lines. Another result of the rather rapid extension

of the railway net was a period of severe competition among the railroad companies. In some parts of the country roads were built far ahead of the traffic. There was not enough business to sustain all of the new properties. Each road naturally fought to get as much business as possible. This led to the famous rate wars. Various questionable devices were resorted to by the traffic agents of the roads. Discriminations were frequently made between places and persons. Rebates were given to certain shippers to hold them. Much ill feeling was engendered from these practices and enmity toward the railroads was bred.

Out of the hard times following the panic of 1873 arose the Grange movement. The attention of this organization was directed to the railroads. The Grange brought great pressure to bear upon legislation. The railroads met their opposition with little tact. The statement given out in those days by railway officials and

the methods they employed to meet the opposition expressed through the Grange rather exasperated the people and strengthened them in their disgust with the railway management of the time. The railroads sought to meet the opposition they encountered in the legislatures by influencing individual members of those bodies. Professional lobbyists were employed, railroad attorneys were sent to state capitols, press agents were put to work, free passes were dispensed liberally among members of legislatures and even more questionable means were used in certain instances. All this merely resulted in arousing the people to the belief that they were being victimized by the railroads.

FIERY, ITCHY SKIN QUICKLY SOOTHED BY THIS SULPHUR

Mentho-Sulphur, a pleasant cream, will soothe and heal skin that is irritated or broken out with eczema; that is covered with ugly rash or pimples, or is rough or dry. Nothing subdues fiery skin eruptions so quickly, says a noted skin specialist.

The moment this sulphur preparation is applied the itching stops and after two or three applications, the eczema is gone and the skin is delightfully clear and smooth. Sulphur is so precious as a skin remedy because it destroys the parasites that cause the burning, itching or disfigurement. Mentho-Sulphur always heals eczema right up.

JUNIOR HIGH TAKES

HONORS AT ROCKDALE.

The track meet that was held in Rockdale last Friday and Saturday was enjoyed by everyone. We are very proud of the record made by Junior High.

Guarding Lesovsky won more first places than any other man on the track team. He made fourteen and one-fourth points.

Brycen Paddock who is in High School but who ranks as a Junior followed closely. The other men were Coal Hopkins, Montague Triggs, Thomas Collier, and Robert (Red) Baskin.

Wilbur Crawford won the Junior spelling match for us. He missed only one word out of three hundred and sixty.

Ethel Green our other representative missed four words but still she ranked much higher than the others and was awarded second place.

Henry McFadyen represented Junior High in essay writing and won first place.

When Cyrus Miller left Cameron we felt sure that he would be a winner and we were not disappointed for he was given first place in Junior boy's declamation.

Hazel Freeman came fourth in Junior girl's declamations. Her appointments were girls who had had several years experience in public speaking, one of whom had won at the district meet once before.

BEFORE AND AFTER SCHOOL.
Schoolward bound we walk along,
Never a hop or a skip or a song,
Always sullen and dark and drear,
Thinking of undone lessons with fear.

But to the teacher we must say
"I was sick, or some delay
Has caused my unfinished lesson today."

So with this excuse
We might be let loose
After school in the evening,
Homeward bound we go,
Skipping to and fro;
Our hearts are merry,
Our minds are free
After school in the evening.
—Hazel Freeman.

WHAT IS SCHOOL?

What is school? It is not just a friendly knowledge spot.
Walled with stone and roofed with sun
Where the days pass one, by one;
Not too fast and not too slow,
Looking forward as we go
At the beauties yet untold
To support the mind and soul?
As the school begins today
Let each eager student say
Here we meet him face to face
In the loneliness of the walls
In the bounds of study hall
He opens wide the knowledge gate
Let us enter e'er 'tis too late
—LOIS RANDOLPH.

ART IN SCHOOL.

The students of grammar school are indeed proud of their beautiful

pictures. Many of these were given them and others were bought with money earned by selling candy, milk, and ice cream. All of these pictures are copies of world's masterpieces in art. Among them are: "Trees," "Just Before Sunrise," "The Windmill," "Sir Galahad," "The Horse Fair," and pictures of great men as Wilson, Edison, Lincoln, Pershing and others. There are also many pretty pictures is the primary grades which appeal especially to children.

WHAT YOU LEARN IN SCHOOL.

Many times you hear pupils say, "Oh I wish I didn't have to go to school. I would do this, that and the other."

But you could not do the things you boast of if you did not go to school because you would be unprepared for the outer world. Here you learn to provide for yourself thereby becoming independent.

In school, you meet many obstacles and learn how to overcome them, and, to do this, you must always stick to a given task.

You learn how to make friends and to love and honor them and by so doing you will appreciate true friendship.

You do not go to school merely to acquire knowledge, but to learn how to become true American citizens.

MISS ELOISE ROGERS INJURED IN ACCIDENT TUESDAY AFTERNOON

Miss Eloise Rogers was painfully injured Tuesday afternoon when an automobile collided with a truck on which a number of young people were riding to a picnic in the country.

Miss Rogers was taken to the hospital for treatment and it was found that her injuries will not be serious.

Miss Rogers is the daughter of Mr. and Mrs. Wm. R. Rogers and is a talented singer and popular among the young people of Cameron and all her many friends everywhere will be glad to learn that her injury will not be serious.

AUTO CRASHES INTO PLATE GLASS WINDOW.

Tuesday afternoon an automobile driven by two young ladies crashed into a plate glass window in the Louis S. Pierce dry goods store. It is thought at least one of the occupants of the car was slightly injured.

The car was not identified at the time but the number was secured. The driver backed the car out and drove away. It was said at the Sheriff's office that the car had been located in Bell county. The building is owned by Horstmann Brothers of Cameron.

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh—Relief comes so quickly.

If Kidneys Act Bad Take Salts

Says Backache Often Means You
Have Not Been Drinking
Enough Water

When you wake up with backache and dull misery in the kidney region it may mean you have been eating foods which create acids, says a well-known authority. An excess of such acids overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys, also to neutralize acids in the system, so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive, can not injure and makes a delightful, effervescent lithia-water drink. Drink lots of soft water. By all means have your physician examine your kidneys at least twice a year.

EXCEPTIONAL RIDING COMFORT

Owners continue to comment on the marked riding comfort of Dodge Brothers Motor Car.

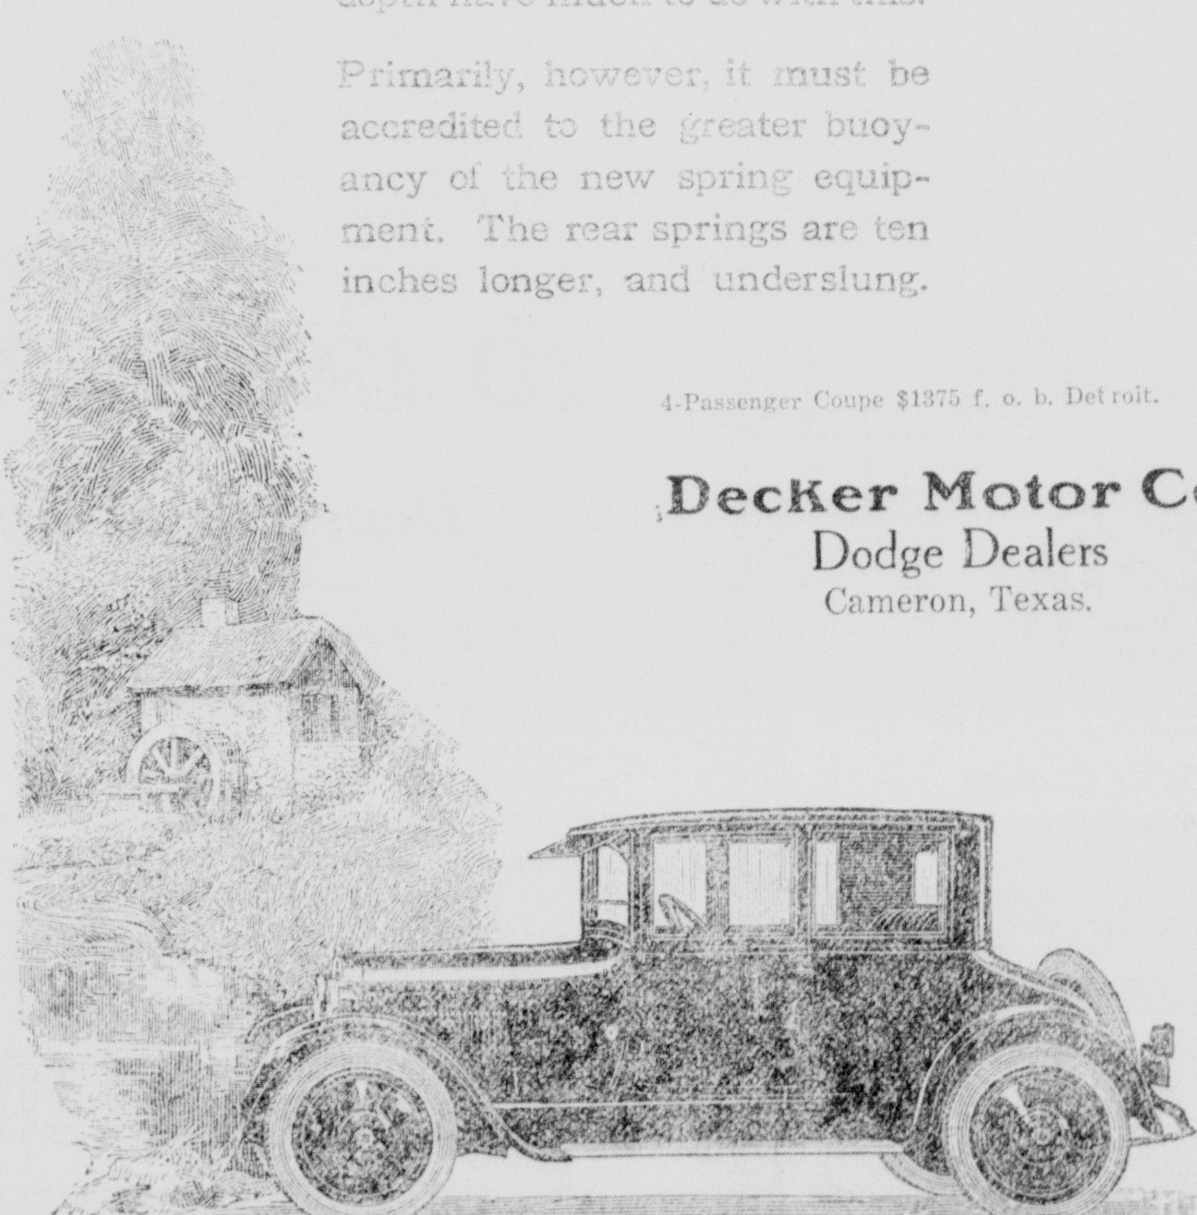

Increased chassis length, low-sprung body and generous seat depth have much to do with this.

Primarily, however, it must be accredited to the greater buoyancy of the new spring equipment. The rear springs are ten inches longer, and underslung.

**MR. NEWTON AND PARTY
RETURN HOME.**

Mr. and Mrs. Gus Newton and little daughters, Doris and Ellen, and Mrs. Luther Smith returned home on the Sunshine Special Monday evening from New York where they went to make purchase of spring and summer stocks for the Thorndale Mercantile Company. The party left Thorndale on February 8 and spent several days in New York purchasing goods and while in New York the twins had measles from which they suffered severely for several days. After the girls had sufficiently recovered from the attack of measles Mr. Newton and party left New York and had gotten as far as Chicago en route home when Doris became very sick and they stopped off at Chicago for medical attention. After some days at Chicago Doris' malady was pronounced by the attending physician as that of pneumonia. She was critically ill for several days and at one time little hopes were entertained for her recovery. Meantime her sister, Ellen, also developed pneumonia and both of the little girls were very sick. Little Doris suffered a relapse after passing what was considered the crisis in her case and her weakened condition was thus severely taxed. Mr. and Mrs. Newton and party were in Chicago two weeks or more, away from home and dependent upon the accommodations

which money could buy from perfect strangers. Mr. Newton says the girls seemed to improve while en route home, however, and while they are yet in bed they are doing nicely and no further apprehension is felt for their early and complete recovery. The many friends are hopeful that the girls will be spared further suffering and be completely restored to health.—Thorndale Champion.

Enemies of Woodrow Wilson Seek To Control Delegation To the New York Convention

CHAIRMAN STATE COMMITTEE URGES PROGRESSIVS TO BE ON GUARD.

To the Progressive Democracy of Texas:

While I have the honor to be chairman of the democratic state executive committee, I am first of all a progressive democrat, and I was made state chairman by the representatives of the militant progressive democracy of Texas. Therefore, I feel that I am not only justified, but that it is my duty, to sound a note of warning which I believe should be brought home to the progressive and moral forces of the state at this time touching the forthcoming precinct and county conventions and the state convention which will name delegates to the democratic national convention at New York. As I had the privilege of participating in the democratic national conventions at Baltimore in 1912 and at St. Louis in 1916 and at San Francisco in 1920, I have had some opportunity to keep in touch with the progressive democrats of the nation and I think I can fairly estimate the importance to the democratic party and to the nation and to humanity everywhere, of Texas continuing her consistent and conspicuous aid in making our party progressive which means to make it successful. This is a democratic year and a progressive year, and if our nominees in the national democratic convention are undoubted progressives they will be elected. If they are reactionaries they will be defeated. The action of Texas may turn the scale. It certainly is not too much to say that Texas saved a similar situation in 1912.

The democratic voters of Texas, men and women, will assemble in precinct mass conventions to be held at 8 o'clock in the evening and in the afternoon in the country precincts Saturday, May 2nd, as provided by law. An unprecedented effort is being put forth by the reactionary forces in the Texas democracy to control these precinct conventions and to capture the county conventions and the state convention at Waco, and to send a reactionary delegation to represent Texas at New York. This movement is thoroughly and widely organized and well financed and is being openly supported by notable self-styled democrats who notoriously supported the republican candidate for president in 1920, and who have consistently opposed the prohibition amendment and all laws putting it into effect and providing for its enforcement, the women suffrage amendment, child labor legislation, the election of United States senators by a direct vote of the people and all other forward-looking measures proposed by the progressive democracy of this nation for the past generation and whose chief distinction has been attained in a bitter and unrelenting warfare upon Woodrow Wilson and his policies. In view of this situation it behooves every lover of his country who be-

lieves in progressive democracy, to make every sacrifice necessary to the fullest and most complete co-operation of all who desire the election of a delegation from Texas to our national convention which can be depended upon never to vote for or aid directly or indirectly in the nomination of any reactionary candidate or support any reactionary platform proposal.

I, therefore, urge all progressive democrats in Texas to combine in a united effort to elect a progressive delegation which can be depended upon to render the same sort of service to our party and nation as that which reflected so much glory and honor on the democracy of Texas in the Baltimore convention of 1912 when Texas made Woodrow Wilson president of the United States. The question of instructions can safely be left to the people in their precinct mass meetings and to their delegates in the county and state conventions. This is no time for division in the progressive forces in Texas. Every consideration of self-interest must give way. The success of progressive democracy is more important than the personal fortunes of any man. The men and women of Texas, who believe in the things that Woodrow Wilson stood for and died for, must fight together in solid phalanx for the great cause, forgetting all lesser things.

Personally, I am opposed to the Alabama statutory method of allowing a presidential candidate to name national convention delegates. I believe as I have always believed, that our Texas delegates to the democratic national convention should be chosen by the people without dicta-

tion from any source and that they should be selected from the body of the people and that the honors and duties of delegates to national conventions should be given to those of the rank and file who, without office or emolument, bear the heat and burden of the day in all political battles. I have an abiding faith in the loyalty and self-sacrifice of the men and women who constitute the progressive democracy in this state, and I confidently summon them to the task that is before us.

F. C. DAVIS.

L. E. LAURENCE, SR., PASSES TO HIS REWARD.

Mr. Lemuel Egger Laurence, 73 years and 12 days of age, died at his home in the Laurence Chappel neighborhood on Monday of this week and was laid to rest in the Laurence Chappel cemetery Monday afternoon in the presence of a large circle of life long and loyal friends. The funeral services were conducted by Rev. Roberts of Bartlett.

The deceased was a pioneer resident of this section, having moved to Texas when only 21 years of age and settled at Giddings, Texas, leaving Giddings in 1881 and locating at Holland, Texas, where he made his home until in 1878 when he moved to Thrall, Route 1, on Laurence Chappel and continued to reside there until his death on Monday of this week.

Mr. Laurence was born March 12, 1851, at Winona, Miss., and was married to Miss Luana Sample on Dec. 15, 1873, and reared a family of fifteen children, eight boys and two girls, ten of whom are still living as follows: H. A. and Dr. E. L. Laurence of Thorndale; L. E. Laurence, Jr., Cameron; Mrs. A. B. Oliver of Thrall, Rt. 1; F. H. Laurence, Thrall, Rt. 1; Z. B. Laurence Thrall, Rt. 1; R. B. Laurence, San Antonio, Mrs. J. H. Coffman, Thrall, Rt. 1; T. H. Laurence, Thrall, Rt. 1, and R. M. Laurence of Heaton, Okla.

The deceased had been in bad health

for a number of years but for some time past had suffered from high blood pressure but bore his suffering patiently and becoming a man ripe in Christian experience which he had enjoyed for fifty-two years, having been a loyal member of the Christian church for fifty-two years.

Besides the heart-broken wife and children he also leaves two brothers, Moses Laurence at Bartlett and Alexander Laurence at Redlands, Cal., to survive him. Two sisters preceded him to the grave.

The relatives and family have the sincere sympathy of the whole community in the loss of this good man and the Champion joins in extending condolence to the bereaved ones.—Thorndale Champion.

PRESBYTERIANS OF CITE LAUNCH EDUCATION DRIVE

BLUE HUE DINNER TO OFFICERS THURSDAY NIGHT AUXILIARY HOLDS MEETING.

On Monday afternoon the Women's Auxiliary held a very interesting and helpful meeting. The church was beautifully decorated and the business hour was followed by a delightful social time. The resume of the year's work, given by Mrs. B. P. Atkinson, as an appreciation of the retiring officers, showed the past year to have been one of the best in the history of the Auxiliary. The new officers were installed by the pastor, and a short address was made by W. T. Bitzer of the Texas Presbyterian Educational Movement.

Sunday morning at a congregational meeting the trustees of the church were instructed to execute a deed for the North East corner lot of the church property to the Magnolia Oil Co. This company will erect on the property an attractive filling station. Several parties are considering buying parts of the church grounds and other sales will probably be announced soon.

Thursday evening of this week the Texas Presbyterian Educational Movement will give their Blue Hue dinner to the officers and their wives of the church. Several outside workers will be present. The guest of honor will be Rev. F. S. Henderson of Nevada.

Sunday morning and evening we will have the pleasure of hearing Rev. R. G. Love of the First church of Corsicana. He is quite an attractive preacher and should have a good hearing. While this campaign will call for gifts of money for our schools, this is not called for in our services and the inspirational sermons and addresses of these outside workers will be enjoyed by non members as well as members. You are invited.

H. R. McFADYEN, Pastor.

DR. TOWNSEND LECTURED ON JEWISH HISTORY HERE.

Dr. Townsend, dean of Baylor College, lectured to the adult classes at the Baptist church Sunday morning on early Jewish history, giving many illuminating facts relating to the history of the chosen people whose life influenced the oldest of the world's civilization. Fifty-five men of the men's class heard Dr. Townsend and a number of the adult classes also sat in the auditorium to hear the lecture.

At the morning hour Dr. Townsend preached and one conversion resulted from his sermon. Dr. Townsend preached at the evening hour also.

The congregations at the services were the largest yet noted this year at the church.

BAPTIST SUNDAY SCHOOL ATTENDANCE REACHES 313.

Sunday the number in attendance at the Baptist church Sunday school reached 313, an increase of 13 over the previous Sunday. The Sunday School officers have set the goal at 500 by May first and it is believed the goal will be reached.

The first Sunday in May has been designated as Sunday School Day and is a co-operative movement from all the churches of Cameron. Committees have been named for all the details of the campaign and it is believed something of a record will be achieved for that day.

CHRISTIAN CHURCH NOTES.

Rev. F. L. Davis, pastor Evangelist of Taylor, will preach at the Christian church in Cameron Sunday morning and evening, April 6th. The public is cordially invited.

ST. RITAS CIRCLE.

The meeting of the St. Ritas Circle last Thursday was largely attended by the members who enjoyed a very interesting program.

A donation to the orphans of Europe was given and following the circle's business session several readings and musical numbers were rendered.

Refreshments consisting of coffee and cake was served.

The next meeting will be held on April 10th.

CHURCHES ANNOUNCE GO TO SUNDAY SCHOOL DAY

FIRST SUNDAY IN MAY SET ASIDE FOR SPECIAL SUNDAY SCHOOL EFFORT.

Sunday May 4 has been designated as "Sunday School day in Cameron."

A meeting of officers of Sunday schools in the churches was held in the First Methodist church Sunday afternoon and committees were appointed to carry out the plans of the meeting.

Special effort will be made to advertise and thoroughly acquaint the people with the purpose of the day and to urge them to co-operate to the fullest extent.

It is believed that a record attendance will be made at the Sunday school hour.

The quota for each church has been fixed at the resident membership figures of each church. If this goal is reached it will mean probably 1500 or more in the Sunday schools of the churches.

All churches will participate in the movement and it is planned that special services will be held on that day.

BIBLE STUDY SERIES AT WEEKLY PRAYER SERVICE.

Beginning next Wednesday night a Bible Study course will begin at the Baptist church. The service next Wednesday night will be known as Bible night and each attendant will be asked to bring a bible.

The Bible Study series will carry the church through an interesting inventory of the scriptures and promises to be a great series of study. The pastor urges a large attendance.

Wednesday night at the prayer service nearly one hundred were present. Four were baptised by the pastor at the close of the service.

FIRST METHODIST CHURCH.

At the morning service we will administer the Sacrament of the Lord's Supper. Sermon subject for evening hour: "The Busy Man." All evening services begins at 7:45 till further notice.

Our District Conference meets at Kosse the 22nd inst. Make your arrangements now to attend.

Are you a reader of your church paper, the Texas Christian Advocate? If you are a parent, what are you furnishing your children to read? Do you own and read a Methodist Discipline? or are you embarrassed when intelligent people seek to engage you in conversation concerning church affairs in general? Why not study to show thyself a workman that needeth not to be ashamed?

Pastor.

WESLEY BIBLE CLASS

Mirth and merriment reigned supreme when the members of the Wesley Bible Class of the Methodist church met in the hospitable home of Mrs. B. J. Baskin on Tuesday afternoon at 3 o'clock. Simple Simon opened the door and masked clowns in receiving line grasped the hand of

each guest with cordial good humor. The king of misrule with a carrot sceptre propounded a direct question to each guest after obeisance was made before the throne. The mysterious question was unanswered and forfeits were taken and later redeemed performing stunts.

Refreshments of ginger cake, fruit punch and minta were served in the dining room. The identity of friendship sisters who had secretly done so many kind deeds for each other was made known.

Plate favors in clown design bore the names of a new distribution of friendship sisters for a three months period. This most charming idea has been the means of a closer spirit of union and love among members of the class and has materially increased the Sunday School attendance of members of the Wesley Bible Class.

FIFTH SUNDAY MEETING OF BAPTISTS ANNOUNCED

MILAM COUNTY CHURCHES TO MEET WITH CAMERON CHURCHES SUNDAY.

Milam County Baptists will meet in Cameron Sunday with the local church in the fifth Sunday meeting.

Rev. Jeff Davis, one of the state evangelists will preach at the morning hour and the pastor Rev. E. S. Hutcherson will preach at the evening hour.

Rev. Jesse Garrett of Rockdale will lecture to the members of the men's bible class on Sunday morning at the Sunday school hour.

The day will be one of great importance to the church and to Baptists of the county.

A special effort is being made to provide music and other religious entertainment features.

The Sunday school hour Sunday morning will likely show an increase in attendance over the past Sunday when 313 were at the church.

In the afternoon at 2:30 o'clock an ordination service will be held and F. A. Hernandez will be ordained to the full ministry. He has charge of the Mexican mission of the Baptist church.

PRESBYTERIAN AUXILIARY.

Social features of the afternoon meeting of the Presbyterian Auxiliary were directed by the circle chairman, Mrs. N. H. Butts and her coterie of workers of circle No. 3 Monday afternoon.

Plans of the installation of officers had been carefully made and the details were successfully carried out.

Rev. H. R. McFadyen gave the invocation and was master of the installation services.

Mrs. W. G. Gillis read the scripture lesson.

Mrs. Ben Atkinson paid a tribute to the out going officers and voiced a welcome to the new leaders.

Mesdames T. J. Avera and Paul Webb furnished music.

Decorations and refreshments followed a purple and gold color scheme.

Mr. Bitzer and Miss Collins two workers for the Presbyterian Edu-

cational Campaign were present to address the meeting.

The following officers were installed:

President—Mrs. Henry Sapp.
Vice President—Mrs. W. G. Gillis.
Secretary—Mrs. James Watson.
Treasurer—Mrs. Jeff Avera.
Secretary of Foreign Missions—Mrs. Ben Atkinson.

Secretary of Assembly's Home Missions—Mrs. George Mode.

Secretary S. F. & C. Home Missions—Mrs. Will C. Ford.

Secretary Min. D. & Ch. Ed.—Mrs. Ernest Eggert.

Secretary Young People's Work—Mrs. H. R. McFadyen.

Secretary of Spiritual Resource—Mrs. W. G. Gillis.

Secretary of Social Service—Mrs. Giles L. Avriett.

Leader Circle One—Mrs. Robert McLane.

Leader Circle Two—Mrs. Van Tyson.

Leader Circle Three—Mrs. Judd G. Davis.

These and other leaders of the Presbyterian church will be entertained at the new manse on Thursday evening at a Blue Hue dinner which promises to be a pleasant surprise for all participants.

BREAK CHEST COLDS WITH RED PEPPER

Ease your tight, aching chest. Stop the pain. Break up the congestion. Feel a bad cold loosen up in just a short time.

"Red Pepper Rub" is the cold remedy that brings quickest relief. It cannot hurt you and it certainly seems to end the tightness and drive the congestion and soreness right out.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into colds, congestion, aching muscles and sore, stiff joints relief comes at once.

The moment you apply Red Pepper Rub you feel the tingling heat. In three minutes the congested spot is warmed through and through. When you are suffering from a cold, rheumatism, backache, stiff neck or sore muscles, just get a jar of Rowles Red Pepper Rub, made from red peppers, at any drug store. You will have the quickest relief known. Always say "Rowles."

Brazos County Sheriff is Slain At Sheep Hollow School House

Bryan, Texas, April 2.—The commissioners court of Brazos county met at 10 a. m. Tuesday to appoint a successor to Sheriff L. E. Morehead, who was shot and killed Saturday night at Sheep Hollow school, where he was an actor in a home talent show. He was buried Sunday afternoon.

The court has given no indication as to whom it will choose to serve out the dead officer's unexpired term, though several applications have been made for the place.

Commodore Bullock, 30 years old, has confessed to the crime, saying that "they told me in the navy to do it." His signed confession is in the hands of the county attorney. He is charged with murder, but it is considered more likely that he will be tried for insanity.

Though Bryan is deeply shocked at the tragedy, the general opinion is that Bullock is a paranoiac and was suffering from the delusion that the dead sheriff had wronged him.

This is thought to have arisen from the fact that a year ago the sheriff, at the request of his relatives, had arrested Bullock because he had been

making threats against persons' lives.

During the war the man suffered a shock and at one time in his life he was adjudged insane.

A shot crashing through a window of the school house killed the sheriff. For several minutes those in the audience thought the report was a part of the show. Bullock was arrested a short time afterward.

The body was buried late Sunday after laying in state all day. Hundreds of persons passed before the bier and when the body was moved to the cemetery it was followed by a sorrowing throng.

The body was lowered just as the sinking sun cast its blood red shafts of waning light athwart the gleaming white of the gravestones.

Voices touched with sadness sang, "We Are Traveling Down the Valley One by One," and one of Brazos county's most popular peace officer's day was done.

The sincere liking and respect the entire community held for the dead sheriff was put into words by District Judge W. C. Davis, who spoke of his worth as a citizen, peace officer and Christian gentleman.

W. K. GALBREATH, JR., IN RACE FOR LEGISLATURE.

(continued from page one)

give what experience I've obtained to the people.

I stand for the following: I stand for the laws of Texas and for law enforcement by the constituted authorities.

I am, strictly in favor of lower taxation.

I am in favor of a more economical system of government.

I stand four square for better rural schools.

I am opposed to large appropriations unless there is value to be received.

I believe our car tax money and other county taxes should be kept in our county for the upkeep of our schools and roads in the county.

I believe the high salaried officials' pay should be lowered as fast as the cost of living will permit it. This should apply to our institutions of higher education. Salaries were raised on account of high living cost. The inverse should follow.

I stand for a more economical judicial system throughout the state, thereby reducing a number of the high salaried officials.

Before concluding, I feel as though another statement should be made. Since the Ku Klux Klan issue has come into the political realm in the last year or so and as it is being predicted to be prominent this year, and as I presume there are a few of the voters who will want to support a man of their order, while there are some I presume will pick the man they think best suited for the position regardless, and I would that that might be done, however, for their benefit I make the following statement: I am not a member of the Ku Klux Klan, I never have been.

In fact, I've never belonged to any kind of an organization except, I am a member of the Methodist church.

If elected your representative I shall seek to represent the people of Milam county not as a Klan or Anti-Klan, but as a citizen of our state and county, always using the constitution as my guide, giving equal rights to all men and special privileges to none.

In conclusion I will say, I believe the representative position should be filled by a stable minded man. One who has had experience and knows the needs of Milam county's people in order that he may be better qualified to protect them and their interests.

Voters, if you think I am qualified to fill this position and represent you, your vote and influence will be appreciated.

I am,
Respectfully yours,
W. K. GALBREATH, JR.

NOTICE TO DEALERS IN ROAD GRADERS.

Notice is hereby given that the commissioners court of Milam county, Texas, will receive bids for one eight foot road grader with engine hitch, until 10 o'clock a. m. April 17th, 1924, and then to be publicly opened and read.

Right is reserved to reject any and all bids and to waive all technicalities.

lize the urgency of getting votes now to best their position during the home stretch.

The special is this:
One Hundred Thousand Extra votes are given on each and every club of \$30.00 worth of subscriptions turned in on or before Wednesday April 10th.

Simple isn't it?
And liberal.

SECOND PAYMENTS.
Second payments are proving of great assistance to candidates.

The man who discovered the way to make two blades of grass grow where only one grew before had the right idea. And his plan can be applied to piling up of a big vote on this 100,000 offer.

The second payment field is one of most fruitful ones now for the candidates. By simply covering the way to make two blades of grass grow where only one grew before had the right idea. And his plan can be applied to piling up of a big vote on this 100,000 offer.

For instance a subscriber who has paid a candidate \$1.50 for a year's subscription, now extends the subscription to another year by paying an additional \$1.50.

In the city of Cameron candidates are finding it is a mistake to assume that all the territory has been covered. In the residential district there are many who have not renewed for the Herald. The great majority of them would be glad to assist any candidate if approached. These places should be visited as the candidates who make the calls will get the votes and incidentally they may acquire enough to cinch a hold on one of the big prizes.

With the end of time, many candidates are building reserve votes in order to fortify themselves against other candidates. Subscriptions during the present offer count for thousands of votes, and candidates are afforded a splendid opportunity of piling up comfortable reserves of votes which may come in handy during the final days.

DR. T. G. VANZANT NOW LOCATED IN HOUSTON

CAMERON PHYSICIAN AND CITY
HEALTH OFFICER MOVES
THIS WEEK.

Dr. T. G. Vanzant, for a number of years one of the leading physicians in this city and county, has moved to Houston where he will engage in the practice of medicine.

It is said that Dr. Vanzant has become interested in a retail drug business in Houston and will have this interest in connection with his practice.

Dr. Vanzant for the past several years has been health officer for the city and had a large practice here being associated with Dr. E. Monroe.

His announcement of moving to Houston will be received with regret among his large circle of friends in the county. It was not known to the public until Wednesday that he had moved to Houston. Dr. Vanzant has already left Cameron for Houston and it is understood has taken up his practice there.

The best wishes of a wide circle of friends will go with him in his new location.

HEALTH WEEK OBSERVANCE URGED BY SANITARY OFFICER

(continued from page one)

the effort on the part of the people. The most effective way of fighting flies is to destroy all breeding places and thereby trap or poison them. It is estimated that on pair of flies on April 1st will be the ancestors of 8,000,000 by October 1st. So let's get that first pair.

Mosquitoes breed only in water. By removing all water containers and by draining stagnant water and by proper oiling all undrained places, there would be but few mosquitoes.

Dogs have another great bearing from a health standpoint, as they are the greatest conveyers of rabies. Nearly 50 persons in Milam county alone have been bitten by rabid dogs within the last year. By proper vaccination of all dogs, this could have been prevented.

During our recent Clean Up Campaign, almost every one responded nicely, although a few have not paid any attention to the fact that such an order had been issued. They should take this as a warning to save the embarrassment of having an inspector calling their attention to it.

Lots and barns where cows and horses are kept should be cleaned daily. The manure should be kept in piles and removed once a week.

Hogs will not be allowed within the City of Cameron except when kept in pens of more than 150 feet square, and then only when pens are kept in a sanitary condition.

No surface water should remain around premises.

On Saturday, April 5th, and second Saturday thereafter, the trucks will call and pick up your can and unburnable rubbish. Please have the same on the street or property line, in boxes or other containers, as drivers can not come in your yard after them.

I wish to take this opportunity to thank the different organizations in the city for their aid in this important work of health and clean up work, and I assure them that I will continue to do the best that my time allows.

Respectfully,
G. E. SUTTON,
Sanitary Officer.

THE STATE OF TEXAS.

To the Sheriff or any Constable of
Milam County—GREETING:

You are hereby commanded to summon Alf Henderson by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Milam county, to be holden at the court house thereof in Cameron, on the 5th day of May 1924, the same being the First Monday in May 1924, then and there to answer a petition filed in said court on the 2nd day of April 1924, in a suit, numbered on the docket of said court No. 9126, wherein Sallie Henderson is plaintiff and Alf Henderson is defendant.

The nature of Plaintiffs demand being a suit for divorce upon the Statutory grounds of three years and ten years abandonment.

Herein fail not, but have before said court on the said first day of the next term thereof this writ with your return thereon, showing how you have executed the same.

Witness, Penn Wolf, Clerk of the District Court of Milam County, Texas.

Given under my hand and the seal of said court, in Cameron, this 2nd day of April A. D. 1924.
